

ISO 14001:1996
Introduction and Awareness of the Standard
– a ½-day Workshop

Course ID: P1012

GENERAL DESCRIPTION:

The overall objective of this introduction and awareness is to help employees understand how ISO 14000 standard relates to their specific workplace. Participants will learn the history of ISO 14000; reasons to implement the system; required resources; steps to registration; and the various levels of Quality System Documentation. Participants will learn about environmental aspects and their potential impact on the environment. In addition, they will be exposed to each of the elements of ISO 14001. The course is designed for all personnel affected by the implementation of ISO 14001 EMS system.

DURATION/SCHEDULE:

- ½ day of instruction and discussion
- Classroom hours are typically 8:00 a.m. - 12:00 p.m. or 1:00 p.m. - 5:00 p.m.

STUDENT MATERIALS:

- Student workbook
- Additional handouts as appropriate
