

ISO 17025:1999
Comprehensive Review of the Standard
– a 1-day Workshop

Course ID: P1018

GENERAL DESCRIPTION:

In this one-day course, participants will learn how to provide detailed interpretation of the standard ISO 17025:1999.

- How to apply the standard to your Laboratory
- Identify and develop your Lab scope
- Are there opportunities for integrating your current quality management system (QMS) with the ISO 17025 standard

CONTENT OVERVIEW:

- An Interpretation Workshop explores the standard in detail
- Presentation of the history and background of the International Organization for Standardization as it relates to ISO 17025 and the related family of standards
- Focus is placed on understanding the intent of the standard with the objective of implementation non-bureaucratic systems.

DURATION/SCHEDULE:

- 1 day of instruction, discussion, and assignments/workshops
- Classroom hours are typically 8:00 a.m. - 12:00 p.m. and 1:00 p.m. - 5:00 p.m.

STUDENT MATERIALS:

- ISO 17025:1999 Standard
- Student workbook
- Additional handouts as appropriate
